## Georgia Chapter of AACE 2020 Funding Report

As of January 28, 2020

We are very pleased to report **\$96,350** in industry funding to date. This is an increase of almost **\$31,000** from last year's industry funding (\$65,500). We have one platinum partner this year which accounted for \$21,000 of the total funds, so please encourage the attendees to visit them as well as our exhibitors so they continue their partnership for future meetings. We have 1 industry sponsored symposium so please also encourage the attendees to attend this event, as well.

Overall funding is great this year. It is very important to make sure that our current exhibitors and sponsors receive the attendee's attention and feel that GA Chapter of AACE is a must for partnering and exhibiting when planning their next year's budgeting agenda. We have 30 companies supporting this year and it would be great if we could retain them all for next year. ***The WJW staff is continually working on bringing in new supporters to the GA Chapter of AACE. This year we are proud to have brought you 10 new supporters which are highlighted in bold on the Funding Chart.***

It is especially important that we encourage quality interaction in the exhibit hall and attendance at the industry sponsored program. Please promote this to the audience before the beginning of each break while the exhibit hall is open or when preceding a sponsored program. It would also be profitable for GA Chapter of AACE if the Board Members were to thank our supporters. It would not take very long for each board member to walk the exhibit hall and thank the exhibitors for their support. This would go a long way to retaining these exhibitors for next year. It should be our goal this year to keep all the current supporters, while adding new ones for next year's program.

We look forward to continued success in funding for this top-notch program. As always feel free to contact us with any thoughts, ideas, or information on new contacts to approach for future support.

Respectfully submitted,
